

Overarching Curriculum Themes

Responsibility

Impact & Influence

Location

How can we make a positive impact on the world?

What have we learnt from the people and events of the past?

Where are we in the world? How do we fit into our world?

We need to support children's understanding of individual and collective responsibility for our school community and how that can potentially impact on the rest of the world.

British Values; Democracy, rule of law, individual liberty, mutual respect and tolerance of those of different faiths and beliefs, runs through this theme.

Each one of us has an impact on each other during our day to day communications.

We want children to learn from history, to ensure that our future influence is positive, benefiting all members of our global society.

They will have a deeper understanding of conflict and resolution and the evolution of societies and populations from around the world.

It is crucial that our young people have a clear understanding of our local area, whilst being mindful of where that 'sits' within and beyond the UK.

Ever increasing knowledge and understanding of world issues is critical, if they are to become informed future leaders and decision makers.

Location

Where are we in the world? Where do we fit into our world?

Impact and Influence

What have we learnt from the people and events of the past?

Once Upon A Time

Walk Like An Egyptian

Battle of Britain

The Mysterious Mayans
