May 2024

Dear Parents,

You will have been informed just before Easter that we are changing some of the ways in which we communicate with you, following parental feedback from meetings and surveys.

There were a number of things that parents liked about our News Sheet - the most popular element was the ability to read about all of the wonderful things going on in our schools including looking at photos of events and when those events were going to happen. So we have listened and will be trialling the following;

Each school has a Latest News Page on their website that contains three sections, **Live Info** which will be a chronological list of all letters and reminders that are being sent out through email, **Dates for the Diary** is 'what it says on the tin' and **Weekly Updates** are our live Facebook feeds (you don't need to have a facebook account to view these through our website) that contain all of the photos/descriptions of events and learning activities that your children have been taking part in - the fun stuff!!
